*Due to the pandemic related moratorium on reassessments, some Preventative Care and Quality of Life measures cannot be risk adjusted and crude rates are reported. Risk adjustment of these measures will return for the 2023 MLTC Consumer Guides.

**Due to the pandemic related moratorium on reassessments, Stability or Improvement quality area measures cannot be calculated for the 2022 enrollment period. The measure results will return for the 2023 MLTC Consumer Guides.

Plan performance data are not available for Eddy Senior Care and Fidelis Care MAP due to small numbers.

Ratings are based on a comparison of plan rates to statewide averages. **Quality** ratings are from information submitted by the Managed Long-Term Care Plans. **Member Satisfaction** ratings, Advance Directives, and one component within the Quality of Life domain are from a Department of Health survey.

The measures used in the MLTC Consumer Guides represent some, but not all of the measures collected from health plans through the Uniform Assessment System for New York (UAS-NY) and the member satisfaction survey. For additional information about the individual measures used in each area, and other quality of care measures, please see the NYSDOH website (https://www.health.ny.gov/health_care/managed_care/mltc/reports.htm) or the Managed Long-Term Care Performance Data: Beginning 2014 documentation available on Health Data NY (HDNY) (<https://health.data.ny.gov/Health/Managed-Long-Term-Care-Performance-Data-Beginning-/cmqt-68bp>).
